

Program/Event: the 14th Annual Good Samaritan Cancer Survivor's Day Celebration – September 16, 2018

This year, 900 people attended the Good Samaritan Cancer Survivorship Celebration at Villa Lombardi's in Holbrook. Cancer Survivors connected with health professionals and each other during an inspirational day, which included a key note speaker and lunch.

There were 279 evaluations returned, of which 85% rated the event excellent.

Program/Event: Good Samaritan University Cancer Care Close To Home Workshop – October 10, 2018

The Good Sam University workshop community lectures are free and open to the general population. Cancer Care Close to Home was a panel discussion with Good Samaritan Physicians focusing on cancer diagnosis, treatment, recovery and programs at the Medical Center. After brief introductions, the panel opened the floor for questions allowing the attendees the opportunity to ask the experts about new procedures, new treatments and risk factors.

Of the 40 people that attended 22 returned evaluations rating the program excellent.

Program/Event: Oral, Head and Neck Cancer Screening – December 6, 2018

The targeted population for the oral, head and neck cancer screening was uninsured/underinsured adult men and women. There were 10 people screened following the guidelines of the Oral, Head and Neck Cancer Alliance.

There was no concerns and no further follow up was needed.
